

# The Helios Collection

Helios, named after the Greek God of the Sun, was the first of its kind, and is still everybody's favorite heated furniture design.

Like a warm river stone in the sun, or a hot tub without water, Helios collection features ergonomic curves cast in smooth stone engineered to provide transformative warmth. Every model in the collection rests atop a beautiful, powder-coated frame to ensure lasting beauty, comfort, and durability. With three sizes to choose from, customizable colors and cord length options, Helios offers adaptable luxury to elevate any space.

# The Evia Collection

"Our Evia collection is named after the sun-soaked Greek Island that shares a name. Athenians visit Evia to seek relief from the breakneck pace of the city. There, a cool breeze blows through the olive and fig orchards, and it's a terrific place to unwind and take in the natural beauty all around you."
